

the edtech professional development cadre

We Are: Staff developers, educators or others who provide professional development and/or training to educators.

Purpose

Our goal is to identify and disseminate best practices targeting technology integration into teaching and learning, by:

- providing a forum for networking and collaborative work,
- focusing on exemplary staff development skills,
- modeling effective instructional strategies using emerging technologies,
- focusing on [21st Century Skills](#) (Learning and Innovation Skills for 2007-08),
- internalizing [NETS](#) Standards for students.

Roles & Responsibilities

- Learn how to use effective staff development strategies.
- Learn how to integrate technology into our jobs and the classroom.
- Learn about emerging technologies.
- Share professional expertise to extend and enhance each other's skills and knowledge.
- Share new knowledge and skills learned through cadre gatherings with other members of your organization and/or with the customers served by your organization.
- Commit to the cadre meetings for one year.
- Create a climate that is collaborative, informal, hands-on and respectful.
